Michele,  
Data files related to wells in the AoR and computational modeling has been uploaded in the Go Anywhere Web Client.

I hope to chat when you are back in office about the 26R submission and A1-A2 second injector.

Thanks,

TMH

Michele,  
I was out of office for much of last week.

Documents will be uploaded by end of day.

Many thanks,

TMH

**Subject:** [EXTERNAL] RE: Transmittal of CBI to EPA for Class VI permit application

Hello Travis –

Just following up on this message from the other day – we have not yet received the portion of the application we understand CTV is deeming as confidential. Do you have an idea of when we may receive it?

Thanks, Michele

Hi Travis, you should be receiving a message from me with a link to upload CBI files to a GoAnywhere SecureMail FTP site. This is the mechanism that our IT folks identified for transmittal of the CBI portions of the Class VI permit application.

Let me know if you have questions or any difficulty with the link.

Thanks,  
David
